Re: Closing Protection Letters

As you may be aware, beginning November 1st Mississippi Valley Title will start transitioning to MVT's parent company's agency platform website. As part of this transition, Approved Attorneys will now need to coordinate the issuance of Closing Protection Letters with the MVT Agent that issues the commitment. To facilitate this change, **effective November 5, 2012**, Approved Attorneys will no longer have access to the Closing Protection Letter portion of the MVT website.

Additionally, in late November or early December you will be receiving a new log in and password to the enhanced website. Until that time, please continue to use your current login information.
